

DECLARATION AND POWER OF ATTORNEY

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe that I am the original, first and joint inventor of the subject matter which is claimed and for which a patent is sought on the invention entitled

**UNIFIED SYSTEM AND METHOD FOR ANIMAL BEHAVIOR
CHARACTERIZATION FROM TOP VIEW USING VIDEO ANALYSIS**

the specification of which was filed on October 30, 2003 as U.S. Patent Application No. 10/698,008.

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability in accordance with Title 37, Code of Federal Regulations, Section 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT International filing date of the continuation-in-part application.

And I hereby appoint the registered attorneys and agents associated with **ALSTON & BIRD LLP, Customer No. 00826**, as my attorneys or agents with full power of substitution and revocation, to prosecute this application and to transact all business in the Patent and Trademark Office connected therewith.

Address all correspondence to **Customer No. 00826**. Please direct all communications and telephone calls to Steven D. Hemminger at 650-838-2000 (telephone) or 650-838-2001 (facsimile).

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these

statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
